2. The following information is provided in response to contractor questions:

Question: We respectfully request that this procurement be set-aside for small businesses, and that progress payments be provided for accordingly.

Answer: The Contracting Officer has determined that it is not feasible to set-aside this procurement for small businesses and that this procurement does not meet the requirements for progress payments.

Question: The delivery requirements for the first unit(s) is impractical--component deliveries including turntable bearing, hooks, blocks, sheaves, etc., are currently being quoted at 26 weeks (40-42 weeks for the bearings). While subsequent deliveries could easily be made at 30 day intervals, the delivery for the initial equipment would be a minimum of 30 weeks. Please give consideration to extending the delivery requirement more in line with actual component deliveries.

Answer: Clause 52.211-8, TIME OF DELIVERY (JUN 1997) is revised as follows:

Delete the required delivery schedule for items 0001 through 0005 and replace with the following schedule:
